“The Search for Happiness: A Christian Perspective”

- Do you wonder what happiness means?
- Do you ever wonder if you could be happier or even if you're happy at all?

In the year 2000 only fifty new books were published on the topic of happiness. In the year 2008, four thousand books were published! Obviously there is a strong desire to achieve happiness.

Join others on the spiritual journey to discover what happiness means when we examine it from a Christian perspective. Using the wisdom of Abbot Christopher Jamison in his book, “Finding Happiness” we shall explore a variety of approaches to happiness based on some common human failings.
