We live in a country and church that are often polarized. A destructive "either-or" mentality separates us from each other. What can we do about this? Become more deeply rooted in our Franciscan tradition! Francis' mentality was never "either-or." Following Jesus, who was BOTH God AND human, he lived out a "both-and" spirituality. For him it was always freedom AND obedience, individuality AND community, poverty AND extravagance, etc. How did he do it? How can we? This retreat will provide answers by inviting us deeper into authentic Franciscan living.
